

FOOD SHELF SUNDAY

Since St. Thomas Becket's beginning in 1990, we have committed to making a difference in our community. For 30 years we have supported area food shelves, and they need our help now, more than ever. If you are able, please donate directly to one of our 3 partners below.

The Open Door's Crisis Response

From all of us at The Open Door we hope that you are safely finding your way through this crisis.

Our doors are still open and our operations are still finding ways to get food to our neighbors who need it. We are delivering meals to children, groceries to families, and food to seniors. Our Eagan Pantry is offering drive up service for clients 5 days and 2 evening a week. We are doing all of this in the safest way we can, and we need your help to make sure we can continue for the duration of this crisis.

The Open Door seeks \$200,000 in emergency support to help us continue food shelf operations during the COVID-19 crisis. Reaching our \$200,000 goal will ensure we will continue food support 7,000 individuals each month. [DONATE HERE](#)

360 Communities

The anxiety surrounding the Coronavirus is understandable. Just as many of us are weighing our personal choices to protect ourselves and our families, our neighbors in need have no choice if they are hungry, need financial resources, or need safe shelter. A pandemic is punishing to everyone, but the people who rely on our social safety net can be harmed the most severely. This is why, now more than ever, we need to bolster support for local nonprofits.

During a pandemic, we are told to create distance from one another for our safety. It is necessary advice to slow the spread of the contagion and flatten the growth curve of the pandemic. Let's do our best to balance this advice with our care for the most vulnerable in our communities. Together we are strong, and we will see this through.

Neighbors Inc

Your Donation will Help Local Families with Food, Clothing and Other Support

All gifts to Neighbors Inc. are truly appreciated and help us provide those living in northern Dakota County with access to the supportive services necessary to live hopeful, independent, self-sufficient lives in which their basic needs are met and they are productive members of their communities. Your gift provides help and hope for your neighbors who need it most. [DONATE HERE](#)
