

POST ON STB'S SOCIAL MEDIA

In case you haven't noticed, social media is a big thing nowadays, and with COVID-19 it has gotten even bigger, so much that STB even opened an Instagram account and is now posting weekly Masses on Youtube.

This is a great way to stay connected, to know what is going on at our parish; but we can't do it alone, so we need you to help us out.

1. Find something you would like to share with our parishioners that is related to STB like: planting flowers on Mother's Day, working on a Faith Formation project for 1st Eucharist at home, setting your Worship space for Mass, sharing your Easter baskets, etc.
2. If you send a video (no longer than 60 seconds) or photos, it means **YOU GIVE PERMISSION** to STB to post them on our Facebook page, website and Instagram account (I'm sure Twitter is next, LOL)
3. Send them to monical@stbeagan.org (eventually we will have an email account assigned just for this). Please write in the subject box **Social Media**.

Thank you!
