

FR TIM NEEDS YOUR FEED BACK

We have had three outdoor Masses and the biggest feedback was people loved being together and able to receive communion; weather will soon not allow us to comfortably be outdoors.

We have moved indoors for a 9am Mass with all the protection protocols. Again, people love being together and sharing in communion.

Some people are not comfortable being inside for a long period of time yet desire to be together - to share communion and pray. This is where I need your FEEDBACK.

If twice a week we had a Word and Communion Service in church - with prayer, scripture, communion, social distancing, wearing masks, limiting it to 12 people, sitting in chairs in the area in front of the altar. The service would be no more than ½ hr.; would you be interested and would you attend?

I'm considering twice a week Tuesday, Weds, Thursday or Friday, early morning before people start work or school, or Noon during lunch break or evening time. Please let me know your interest in the Word and Communion Service; what day is good and which of the times fits for you? Email me your thoughts by September 30th at timw@stbeagan.org.

As a staff we are trying to find ways to bring people together in this space and create community during these challenging times. This is one of those ideas.

Hope to hear from you, take care, be well.

Fr. Tim
