Catholic Community of St. Thomas Becket – Eagan

After a resounding success in 2016, St. Thomas Becket Music Ministry will again present this dynamic and moving work interspersed with excerpts from Pope Francis's document on the environment, *Laudato Si**, to celebrate and call attention to our need to care for our planet.

You are invited to join the interdenominational choir. You do not need to belong to St. Thomas Becket or any other church. Rehearsals start April 17.

Guests include Roger Stratton, piano and Larry Neumann, soprano sax (both from Guardian Angels, Oakdale MN). Fr. Michael Joncas will read quotes from *Laudato Si*.

Missa Gaia (MEE-sah GUY-ah) is an environmental liturgy of contemporary music written by Paul Winter in 1982. It features soprano sax along with other instruments, a choir, vocal soloist, and the calls of wolves, whales, and other animals that are woven into the pieces, sometimes used as the melody.
